Non-Profit Vendor Information Packet

Pride Rocks! Event Information

In 2021, NCCJ introduced Pride Rocks!, an event with one big goal: to reduce suicide in the LGBTQ+ community. **We can prevent suicide in the LGBTQ+ community** by providing meaningful and targeted education, raising awareness, and spreading messages of hope.

The event is simple. We bring community members together to:

- Paint Pride themed rocks containing messages of hope and suicide prevention
- Learn about local resources available in the community
- Eat together while enjoying local LGBTQ+ talent
- Have fun as a united community

In 2023, we successfully partnered with over 70 businesses and organizations that helped support Pride Rocks! and the local LGBTQ+ community. With over 1,000 guests joining us, we collaboratively painted rocks with mental health resources that would then be distributed throughout the Greater Dayton area throughout the month of June.

Thank you for supporting Pride Rocks!
